/ 0.33 fl oz (9.84 mL) each**

FLYING INSECT TRAP

Hot Shot® Flying Insect Trap is an innovative solution that attracts flying insects into a family-friendly and safe* liquid trap. Use throughout your home in kitchens and other living spaces, or near sources of food such as fruit bowls, sinks and kitchen counters, for continuous action.

- **DISCREET & COMPACT**
- **SAFE FOR USE AROUND CHILDREN & PETS***
- **HASSLE-FREE & NO PLUG-IN REQUIRED**

The 24/7 continuous action of the trap will dramatically decrease the number of flying insects around your home.

**When used and stored as directed*

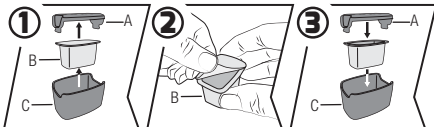

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40°F-90°F. Keep container closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Before disposing, empty any remaining liquid down the drain. Dispose of dead insects in the trash. When empty, place in trash or offer for recycling if available.

STOP. Read entire label before use. Keep for future reference.

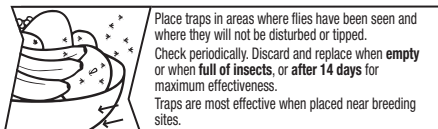

DIRECTIONS FOR USE

Remove the [A] top of the [C] container and take out the [B] inner trap.

Peel off the foil seal and dispose. Carefully place the [B] trap back in the [C] container.

Replace the [A] top of the [C] container.

Place traps in areas where flies have been seen and where they will not be disturbed or tipped.

Check periodically. Discard and replace when **empty** or when **full of insects**, or **after 14 days** for maximum effectiveness.

Traps are most effective when placed near breeding sites.

BEST USED:

Near Fruit Bowls

Near Sinks

On Kitchen Counters

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Avoid contact with eyes, skin or clothing. Wash hands thoroughly with soap and water after handling. If on clothing, remove and wash before reuse. Prolonged or repeated skin contact may cause allergic reactions in some individuals.

First Aid

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. If contact lenses are present, remove after the first 5 minutes, then continue rinsing eye. If irritation persists, contact a medical professional for advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If irritation develops and persists, contact a medical professional for advice.

Have the product container with you when calling a doctor or going for treatment. You may also contact 1-800-917-5431 for emergency medical treatment advice.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
