READY-TO-USE<sub>2</sub>

*Repelente para perros y gatos listo para usar<sub>2</sub>*

## HOW IT WORKS

Pets and strays will habitually visit the same areas, seeking familiar animal scents, to perform their "duties." When Liquid Fence® Dog & Cat Repellent Ready-To-Use<sub>2</sub> is sprayed in these areas, it will mask the familiar odors, causing the animals to become uneasy, thus repelling them.

## \*GUARANTEE

If you are not satisfied with this product for any reason, send your written request for a refund to the address at right, together with the original dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.

**STOP. READ ENTIRE LABEL BEFORE USE.**

## DIRECTIONS FOR USE

**SHAKE WELL BEFORE EACH USE. DO NOT APPLY DIRECTLY TO ANIMALS. FOR OUTDOOR USE ONLY.** Apply Liquid Fence Dog & Cat Repellent Ready-To-Use<sub>2</sub> directly to landscaped beds, trees, shrubs, garbage cans or bags and other areas where pets and/or strays are not wanted. Do not apply this product if bees or other pollinators are foraging in the treatment area. Effectiveness will last a week or more and continue to work as long as the repellent is present. Simply repeat applications as necessary. This product will not harm vegetation. Before spraying on objects such as outdoor furniture or decking, test a small area for staining potential.

**Training tip:** Initially, to break a pattern of habitual behavior, the repellent may need to be applied more frequently. As the animal's behavior is changed, the application frequency can be reduced. Liquid Fence Dog & Cat Repellent Ready-To-Use<sub>2</sub> can help your pets learn the correct behaviors that will make them become part of the family.
