Primeros Auxilios

Si entra en contacto con los ojos: Mantenga los ojos abiertos y enjuague con agua lentamente, con cuidado, durante 15 a 20 minutos. Si hay lentes de contacto, retírelos después de los primeros 5 minutos, luego continúe enjuagando los ojos. Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

Si entra en contacto con la piel o la ropa: Quitese la ropa contaminada. Lave inmediatamente la piel con abundante agua durante 15 a 20 minutos. Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

Cuando llame a un centro de control de envenenamientos o a un médico, o intente obtener tratamiento, tenga a la mano el envase o la etiqueta del producto.

DECLARACIONES PREVENTIVAS

Riesgos para los seres humanos y los animales domésticos

PRECAUCIÓN. Causa irritación moderada a los ojos. Evite el contacto con los ojos o la ropa.

Equipo de protección personal (EPP):

Use camisa de manga larga, pantalones largos, calcetines y zapatos.

RECOMENDACIONES DE SEGURIDAD PARA EL USUARIO

Los usuarios deben lavarse las manos antes de comer, beber, masticar chicle, usar tabaco o usar el baño. Los usuarios deben quitarse la ropa inmediatamente si el pesticida pasa a través de la misma. Luego deben lavarse muy bien y ponerse ropa limpia.

Los usuarios deben quitarse la ropa y el equipo de protección personal inmediatamente después de manipular este producto. Lave la parte exterior de los guantes antes de quitárselos. Lávese muy bien y póngase ropa limpia tan pronto como sea posible.

Riesgos para el medio ambiente

Este pesticida es tóxico para los invertebrados acuáticos. No lo aplique directamente al agua, a zonas en las que haya presente agua superficial o en zonas intermareales por debajo del nivel medio de mareas altas. No contamine el agua al desechar el agua de lavado o enjuague del equipo. Para proteger el medio ambiente, no permita que el pesticida entre o se escurra por drenajes pluviales, zanjas de drenaje, cunetas ni aguas superficiales. Aplicar este producto cuando no haya viento y no se anticipe lluvia en las siguientes 24 horas ayudará a asegurar que ni el viento ni la lluvia arrastren o quiten el pesticida de la zona de tratamiento.

NOTA: Hasta el grado que sea compatible con la legislación pertinente, el comprador asume toda la responsabilidad para seguridad y uso que no estén de acuerdo con las instrucciones.

Plantain

• **EXPECTED VISUAL SYMPTOMS:** Leaves yellowing/browning, then curling, twisting, wilting & shriveling
• *Visual symptoms & time to complete kill will depend on weed & grass type, temperature & application rate

See inside booklet for complete Directions For Use, including How to Use, How and When to Apply, and Replanting Tips

First Aid

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a Poison Control Center or doctor for treatment advice.

If on Skin or Clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing.
Personal Protective Equipment (PPE): Wear long-sleeved shirt, long pants, shoes and socks.

USER SAFETY RECOMMENDATIONS • Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. • Users should remove clothing and personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Environmental Hazards • This pesticide is toxic to aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

***GUARANTEED RESULTS OR YOUR MONEY BACK**

If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the original dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.

NOTICE: To the extent required by applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

READ ENTIRE LABEL BEFORE USE.
ALTO. LEA TODA LA ETIQUETA ANTES DE USAR.

WHERE TO USE

On Patios, Walkways & Driveways; Around Flowers, Shrubs & Trees; Along Fences & Foundations; & In Large Areas

WHEN TO USE

60^{°F}

*For best results, apply above 60°F.
Works faster at higher temperatures.*

Rainproof in 15 Minutes

3

Visible Results as Fast as 3 Hours

Plant New Flowers, Trees & Shrubs in Treated Area After Just 1 Day

Triple-Powered Weed & Grass Killing Formula - Diquat, Fluazifop-p-butyl, Dicamba

DIRECTIONS FOR USE

STOP. Read Entire Label Before Use.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For outdoor residential use only.*

Do not allow people or pets to touch treated plants until the sprays have dried.

APPLICATION RESTRICTIONS

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Only persons applying this product may be in the area during application. Do not mow, cut or otherwise disturb treated vegetation for at least seven days following application. Do not use on or around edible feed or food crops.

WHEN TO APPLY

- For best results, apply during warm, sunny weather (above 60°F) when weeds are actively growing. Rainfall or watering 15 minutes after application will not wash away effectiveness.
- To avoid drift to desirable plants, apply when the air is calm.

WHEN TO REPLANT

- All ornamental flowers, trees and shrubs may be planted **one day after** application.

TIPS FOR REPLANTING

- **Wait seven days after last application to rake, till or replant with seed or sod.**
- Rake up and remove loosened thatch or debris.
- Mix in starter fertilizer and soil amendments, if needed. Level the soil.
- Apply seed according to directions on seed package, or install sod. Grass seed must have good contact with soil to germinate and grow.
- Keep area moist for two weeks to establish new lawn, then water as needed.

HOW TO USE

Spectracide® Weed & Grass Killer₂ is pre-mixed and ready to use and is formulated for “spot” treatment of weeds and grasses. Use it on driveways and walkways, or around fences, trees, flower beds, shrubs and other areas in your yard.

HOW TO APPLY*

- Completely wet the leaves of the target vegetation. Do not overspray.
- Sprayed plants begin yellowing and wilting in about 24 hours, with complete kill, including the roots, in one to two weeks.
- Protect desirable plants with a piece of plastic or cardboard.
- If desirable plants are accidentally sprayed, wash plants with water immediately.

Not recommended for spot weed treatment in established lawns since lawn grasses will also be killed.

TRIGGER SPRAYER APPLICATOR

1. Turn nozzle to coarse spray pattern. Avoid sprays that are too fine because they can drift and damage other plants.
2. Spray unwanted grass and weeds until completely covered.

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry area away from heat or open flame.

Pesticide Disposal: **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

First Aid

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

MODO DE EMPLEO

ALTO. Lea toda la etiqueta antes de usar.

Se considera una violación a la ley federal usar este producto de una manera que no sea la indicada en la etiqueta. *Solo para uso residencial en espacios exteriores.*

 **ALTO** No permita que las personas ni las mascotas toquen las plantas tratadas hasta que los rocíos se hayan secado.

RESTRICCIONES DE APLICACIÓN

No aplique este producto de modo que entre en contacto con personas ni mascotas, ya sea directamente o por arrastre. Solamente las personas que apliquen este producto pueden permanecer en el lugar durante la aplicación. No pode, corte, ni altere de ninguna otra manera la vegetación, malezas o plantas tratadas durante por lo menos siete días después de la aplicación. No lo use en cultivos de alimentos o forrajes ni en sus alrededores.

CUÁNDO APLICAR

- Para obtener mejores resultados, aplique el producto cuando el clima esté cálido y soleado (temperaturas superiores a 60°F), cuando las malezas se encuentren en la etapa de desarrollo activo. La lluvia o el riego después de los 15 minutos de la aplicación no reduce la eficacia.
- Aplique cuando no haya viento para evitar el arrastre hacia plantas deseables.

CUÁNDO REPLANTAR

- Todas las flores, árboles y arbustos ornamentales se pueden plantar **un día después** de la aplicación.

CONSEJOS PARA REPLANTAR

- Espere que transcurran siete días de la última aplicación para rastrillar, cultivar o replantar con semillas o panes de césped.
- Rastrille y retire la paja o los residuos sueltos.
- Si es necesario, mezcle el fertilizante inicial y los acondicionadores para la tierra. Nivele la tierra.
- Aplique las semillas de acuerdo a las instrucciones del envase, o coloque los panes de césped. Las semillas de césped deben mantener un buen contacto con la tierra para germinar y crecer.
- Mantenga la zona húmeda durante dos semanas para que el césped nuevo se establezca; después riegue cuando sea necesario.

CÓMO USAR

El Herbicida para maleza y pasto₂ de Spectracide® está formulado para el tratamiento localizado de malezas y pastos y viene premezclado y listo para usar. Úselo en los caminos de entrada de automóviles y senderos, o alrededor de cercas, árboles, lechos de flores, arbustos y otras zonas en su jardín.

CÓMO APLICAR*

- Moje completamente las hojas de la vegetación que tiene como objetivo. No rocíe en exceso.
- Las plantas que se rociaron empiezan a ponerse amarilla y marchitarse en un plazo de 24 horas y la eliminación completa, incluyendo las raíces, tiene lugar en una a dos semanas.
- Proteja todas las plantas deseables con un trozo de plástico o cartón.
- Si las plantas deseables se rocían accidentalmente, lávelas inmediatamente con agua.

No se recomienda para el tratamiento localizado de malezas en céspedes establecidos, ya que también los matará.

APLICADOR ROCIADOR DE GATILLO

1. Gire la boquilla para descargar un rocío grueso. Evite el rocío demasiado fino porque puede ser arrastrado y dañar otras plantas.
2. Rocíe el pasto y las malezas no deseados hasta cubrirlos completamente.

ALMACENAMIENTO Y ELIMINACIÓN

Almacenamiento del pesticida: Guarde en un lugar fresco y seco, lejos del calor y del fuego.

Eliminación del pesticida: Si está vacío: Envase no rellenable. No vuelva a usar ni rellenar este envase.

Ofrézcalo para reciclar, si existe esa opción. **Si está parcialmente vacío:** Llame a su servicio de eliminación de desechos más cercano para obtener instrucciones de eliminación. Nunca tire el producto sin usar por ningún drenaje interno ni externo.

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry area away from heat or open flame.

Pesticide Disposal: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

First Aid • If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice. **• If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.
