### Shaving Tips

- Ensure your skin is dry and free of oils.
- Always hold the shaver at a right angle to the skin so that all three heads are touching the skin with equal pressure.
- Stretch skin with the free hand so hairs stand upright, making it easier for them to enter the cutting chamber.
- Use moderate to slow, circular stroking movement.

You may experience some irritation with your new, sharp shaver. Allow three or four weeks of shaving for your skin to adjust.

### Cleaning and Care

**NOTE:** When cleaning your shaver, make sure the shaver is turned off and disconnected from the power cord.

#### CAUTION!

- To clean the external surfaces of the shaver, use a damp cloth. Do not use strong detergents or other chemicals.
- To dry, wipe the surface of the shaver with a dry towel. Do not use a hair dryer or heater to dry the shaver.
- Ensure that the main body of the shaver remains dry at all times.

## IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be observed, including the following. **Please read all instructions before using this shaver.**

### DANGER

To reduce the risk of fire or electric shock, carefully follow these instructions:

- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Do not use while bathing or in the shower.
- Do not place or drop into water or other liquid.
- Do not place or store this appliance where it can fall or be pulled into a tub or sink.
- Always unplug this appliance from the electrical outlet immediately after using.
- Use only when the shaver is dry.
- Unplug this appliance before cleaning.
- Do not submerge in water.

### WARNING

To reduce the risk of burns, fire, electric shock, or injury to persons:

- An appliance should never be left unattended when it's plugged in.
- Close supervision is necessary when this appliance is used by, on, or near children, or individuals with special needs or certain disabilities.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by Spectrum Brands, Inc.
- Never operate this appliance if it has a damaged cord or plug or if it is not working properly, if it has been dropped or damaged, or if it has been dropped into water.
- Keep the cord away from heated surfaces.
- Never drop or insert any object into any of the appliance's openings.

- Household use only.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Always attach the plug to the appliance, then to outlet. To disconnect, turn all controls to OFF, then remove plug from outlet.
- Always pull on cord plug to unplug from wall socket. Never pull on electric cord.
- Do not plug or unplug this appliance when your hands are wet.
- Do not use an extension cord or a voltage converter with this appliance.
- Do not wrap the cord around the appliance.
- Always store this appliance and cord in a moisture-free area. Do not store it in temperatures exceeding 140°F (60°C).
- Detach removable cords from appliance for storage.
- Do not use this appliance with a damaged or broken head or cutters, as facial injury may occur.
- This shaver is for use on facial hair only. It should not be used for shaving the hair on your head or any other part of your body.
- If traveling outside of North America use an attachment plug adaptor of the proper configuration for the power outlet, if needed.
- Never operate this appliance with the air openings blocked or while on a soft surface, such as a bed or couch, where it is possible for the air openings to be blocked. Keep the air openings free of lint, hair, and similar objects.
- Before plugging in, read information about dual voltage contained in the Instruction section of this manual.
- Keep the appliance dry.
- This appliance not intended for use by persons(including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- If the cord is damaged the appliance should be scrapped.
- Children should be supervised to ensure that they do not play with the appliance.
