IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING. KEEP AWAY FROM WATER.

DANGER

As with most electrical appliances, electrical parts are electrically live even when switch is off. To reduce the risk of death by electric shock:

- Always unplug this appliance from the electrical outlet immediately after using.
- Do not use while bathing or in the shower.
- Do not place or store this appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Unplug this appliance before cleaning it.

WARNING

To reduce the risk of burns, fire, electric shock or injury to persons:

- An appliance should never be left unattended when it is plugged in.
- Close supervision is necessary when this appliance is used by, on, or near children or individuals with certain disabilities or special needs.
- Use this appliance only for its intended use as described in this manual.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or if it has been dropped into water.
- Keep the cord away from the heated surfaces. Do not wrap the cord around the appliance.
- Never use while sleeping.

- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair and the like.
- Never drop or insert any object into any of the appliance's openings.
- Do not use outdoors or operate where aerosol (spray) products are being used, or where oxygen is being administered.
- Do not use an extension cord.
- This appliance is hot when in use. Do not let eyes or bare skin touch heated surfaces.
- Do not place the heated unit directly on any surface while it is hot or plugged in.
- The plug on this appliance has one blade wider than the other, it is a polarized plug. As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Do not attempt to defeat this safety feature.
- Always store this appliance and cord in a moisture-free area. Do not store it in temperatures exceeding 140°F (60°C).
- This appliance is for household use only.
- Do not plug or unplug this appliance when your hands are wet.

KEEP AWAY FROM CHILDREN

| 340°F | |
| 300°F | |

Straightener Parts

1. Floating Ceramic Plates
2. Display
3. Power Button
4. Swivel Cord

HOW TO USE

Heat Settings

Take extra care when using a professional styler. To prevent hair damage, make sure to use the correct temperature setting for your hair type.

| Temp. | Hair Type |
|---------------|-------------------------------------|
| A. 300°-340°F | Very fine, fragile, damaged hair |
| B. 375°F | Normal, easy-to-straighten hair |
| C. 410°-450°F | Thick, difficult-to-straighten hair |

Controls

- Press the Power  button and hold it for 2 seconds to turn unit on.
- Press Power button repeatedly to select your desired temperature.
- When done using, press and hold the Power button (for 2 seconds) to turn unit off.

Automatic Safety Shutoff

After approximately one hour, the unit will automatically shut itself off. To reactivate the unit, press the ON/OFF switch.

Straightening Your Hair

1. Hair should be dry and free of tangles before using the styling iron.
2. Plug the styler into an electrical outlet. Press the Power button until the unit turns on.
3. Adjust the temperature using the Power button. The display will flash while the unit heats up, then glow steadily when it has reached the selected temperature.
4. Divide hair into manageable sections and clip the upper layers on top of your head and out of the way. Work with underneath layers first.
5. Test the styler on a small section of hair, then adjust the temperature up or down before styling the rest of your hair.

NOTE:

- If you find that you need a higher setting while straightening your hair, simply adjust the temperature to a higher heat setting.
- While straightening your hair, if you find that you need a lower setting, adjust the temperature to a lower heat setting. Because the unit is already hot, it may take a few minutes to cool off.

6. Take a small section of hair, pull hair down and away from your scalp, and hold it taut.
7. Starting at the roots, clamp hair firmly between the plates and run the styler down the entire hair strand, from root to tip, in one smooth stroke. Do not hold it in one area for a long period of time or damage to hair may occur.
8. To create curves or flicks, rotate your wrist to turn the iron in toward your head or out away from your head as you run the iron down the hair strand.
9. Repeat with all the sections of your hair, working with the underneath layers first, then the top and sides.
10. When you are finished styling, press and hold the Power button to turn the unit off, unplug it, and allow it to cool before storing.

MAINTENANCE

Cleaning

Make sure the unit is unplugged and cool. Use a damp cloth to clean the plates and the outside of the power handle. No other maintenance of the unit is required. This appliance has no user serviceable parts.

Storage

Unplug the unit whenever it is not in use. Allow it to cool, then store it out of reach of children in a safe, dry location.

Never wrap the cord around the appliance. This will cause the cord to wear prematurely and break, thus voiding the warranty. Handle the cord carefully and avoid jerking, twisting, or straining it, especially at plug connections. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons in order to avoid a hazard.

At the end of this product's life, you can mail it to Spectrum Brands at 507 Stokely Drive, Deforest, WI 53532 marked "Product Takeback: Please Recycle!"

WARRANTY

Limited Five-Year Warranty

Spectrum Brands, Inc. warrants this product against any defects that are due to faulty material or workmanship for a five-year period from the original date of consumer purchase. This warranty does not include damage to the product resulting from accident or misuse.

If the product should become defective within the warranty period, we will replace it free of charge. Return your product and sales receipt with your name, address and day time phone number to: Remington Returns Center, 507 Stokely Dr., P.O. Box 1, Deforest, WI 53532. For more information call 800-736-4648 in the U.S. or Canada.

KEEP ORIGINAL SALES RECEIPT AS PROOF OF PURCHASE FOR WARRANTY PURPOSES.

This warranty does not cover products damaged by the following:

- Accident, misuse, abuse or alteration of the product
- Servicing by unauthorized persons
- Use with unauthorized accessories
- Connecting it to incorrect current and voltage
- Any other conditions beyond our control

No responsibility, obligations, or liability is assumed for the installation or maintenance of this product.

SPECTRUM BRANDS, INC. SHALL NOT BE RESPONSIBLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT. ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF FITNESS AND MERCHANTABILITY, ARE LIMITED IN DURATION TO FIVE YEARS FROM DATE OF ORIGINAL PURCHASE.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state or province to province. Some states do not allow the exclusion or limitation of incidental, special or consequential damages.

This warranty shall not be valid where it is contrary to U.S. and other applicable laws, or where the warranty would be prohibited under any economic sanctions, export control laws, embargos, or other restrictive trade measures enforced by the United States or other applicable jurisdictions. This includes, without limitation, any warranty claims implicating parties from, or otherwise located in, Cuba, Iran, North Korea, Syria and the disputed Crimea region.
